Upgrade at Stevens Park

The unusually warm winter weather has allowed the Allentown Parks Dept to continue its work on upgrading Stevens Park (6th & Tilghman Sts). Beautiful walking areas, seating

amenities, and a new playground will ensure that children and their families have a welcoming place to play and relax beginning this spring.

West Park Fountain

In case you missed it, the iconic fountain at West Park has been removed. When it returns in spring it will look immaculate with its new coat of paint.

Photos show the dismantling of the fountain.

Aerator Fountain Graces the Pond at Daddona Terrace (aka Union Terrace)

A recent addition at Daddona Terrace, this new amenity is designed to assist in increasing water flow and oxygenation for pond marine life. The evening view of the fountain is even more breathtaking with its LED lights. Viewed from the park's grand staircase, the lighting creates tree silhouettes of beautiful artistic quality.

**Grant Award
IronPigs Charities**
